What extraordinary shift, both immediate and sustainable, will I make to express more L.O.V.E. in my leadership?

## Leadership...

“Leadership at all levels is centered on the facilitation of the Vision and the ever-unfolding pathway revealed through continued visioning practices.”  
-UCSL Guiding Principles

“Skill in the art of communication is crucial to a leader’s success. He can accomplish nothing unless he can communicate effectively.”  
-Norman Allen

“A true leader has the confidence to stand alone, the courage to make tough decisions, and the compassion to listen to the needs of others.”  
-Unknown

“True leaders are not those who strive to be first, but those who are first to strive and who give their all for the success of the team. True leaders are first to see the need, envision the plan and empower the team for actions.”  
-Unknown

“...Only a true natural servant automatically responds to any problem by listening first. When he is a leader, this disposition causes him to be seen as a servant first.”  
-The Servant as Leader

“Love in its broadest sense is about caring what happens to others, caring how we affect others, or making an effort to make a positive contribution whose impact extends beyond the bottom line.”  
-Marie Kane
